Feb. 23 - March 2, 1976

-- As Reported by Exporters

On February 29, 1976 the Export Sales Reporting Program was transferred to the Office of the General Sales Manager. The contents of U.S. Export Sales are expected to continue unchanged for at least the near future. Comments and suggestions concerning this publication should be directed to James L. Hutchinson, General Sales Manager, U.S.D.A., Washington, D.C. 20250.

EXPORT SALES REPORT

Comments on release of March 4, 1976 (based on reports from exporters during the week ending February 22, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1975/76 rose by 178,800 metric tons (MT), the second lowest weekly increase in commitments this year. During the past four-week period there has been an average weekly increase in commitments of around 260,000 MT, compared with 553,000 MT for the preceding four-week period. Total commitments for 1975/76 now stand at 28.1 million MT, of which 5.3 million MT are outstanding sales. Last year at this time commitments totaled 28.7 million MT, of which 8.4 million MT were outstanding sales.

The largest increases in commitments this week were to Pakistan (75,000 MT), Indonesia (63,000 MT), and unknown destinations (99,800 MT). The new sales of PL 480 wheat to Pakistan bring this year's total commitments to 576,600 MT, and are roughly equal to this time a year ago. Total commitments to Indonesia of 376,800 MT are more than triple a year ago. On the other hand, commitments to Poland decreased by 122,900 MT largely as a result of cancellations.

Feedgrains: The apparent export commitment for feedgrains in 1975/76 advanced by 691,100 MT, bringing this year's total commitments to 30.1 million MT. Total corn commitments jumped by 606,300 MT, with an increase of 218,100 MT to the European Community (EC) representing the largest quantity change. A 173,900 MT increase in commitments to the USSR reflects transfers from optional origin rather than new sales. Corn commitments to East European destinations showed a net decline, principally to East Germany (66,000 MT) and Czechoslovakia (35,600 MT). This decline in commitments notwithstanding, commitments to East European destinations now total 3.3 million MT or more than double the 1.6 million MT exported to Eastern Europe during all of 1974/75, according to Bureau of the Census data. The apparent export commitment for sorghum rose by 76,800 MT, largely as a result of increases of 55,900 MT and 44,000 MT to Japan and Venezuela, respectively. These increases were offset somewhat by a decline of 76,200 MT in commitments to unknown destinations. Total sorghum commitments for the year have now reached 4.1 million MT, of which 2.7 MT are cumulative exports and 1.4 million MT are outstanding sales.

Soybeans: The apparent export commitment for 1975/76 increased by 345,600 MT, primarily reflecting increased commitments to the European Community (EC), Spain, the USSR, Japan, Taiwan, Korea, and unknown destinations. The commitment to the USSR increased 31,000 MT, following transfer of outstanding sales contracts from the unknown destination category. As was the case earlier this season when the USSR took

25,000 MT of soybeans, the quantity transferred was then exported within the week. Exports during the week totaled 457,800 MT, with the EC (189,400 MT), Spain (73,400 MT), Japan (64,600 MT), the USSR (31,000 MT), and Korea (28,400 MT) being the major takers.

Soybean Oilcake and Meal: The apparent export commitment increased 48,900 MT, primarily as a result of increased commitments to the EC and Czechoslovakia. The commitment to Eastern Europe (East Germany, Czechoslovakia, Hungary, Poland, and Romania) now totals 451,500 MT, just 39 percent of commitments registered to this region last February 23. The decline primarily reflects the increasing domination of the Eastern European market by Brazil.

Exports during the week totaled 84,900 MT, with the Netherlands (26,400 MT), Belgium (17,700 MT), and West Germany (16,400 MT) being the major takers.

Cotton: Export demand for the two weeks ending February 22 continued good, but was down slightly from the four week period ending February 8. Improved demand during the past two weeks for 1976/77 delivery did not offset some slowdown in sales scheduled for delivery by July 31, 1976.

The 1975/76 apparent export commitment for Upland cotton reached 3.0 million running bales (RB), an increase of 81,000 RB from the previous week. New sales to Japan, the Republic of Korea, and the Republic of China (Taiwan) were the major factors behind the increase. The apparent export commitment for 1976/77 also increased 55,000 RB, mostly as a result of sales to Japan.
